

KS 611

Product Data Sheet

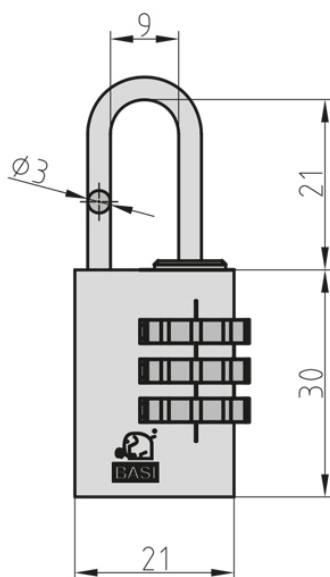

Description:

With the KS 611 luggage lock, your luggage is safe when travelling: lock your bags and suitcases with the handy blue luggage lock. The KS 611 has a 20-mm wide anodised aluminium housing and a 3-mm thick steel bracket with a clear height of 22 mm. The 3-digit number combination can be set individually so that the luggage is optimally protected from unauthorised access and nothing stands in the way of a relaxed journey.

- with adjustable 3-digit number combination
- shackle material: steel
- housing material: aluminium
- colour: blue
